

# Sedalia Evening Democrat.

NEW SERIES.

SEDALIA, MISSOURI, TUESDAY, APRIL 12, 1892.

PRICE, FIVE CENTS.

## STILL MISSING.

### MISS STURTEVANT IS BEING TRACED BY HER FATHER.

#### The Friends of the Family in Sedalia Know Nothing Further of the Matter.

The disappearance of Miss Myrtle Sturtevant from her home in Columbus, Ohio, as stated exclusively in yesterday's DEMOCRAT, has aroused no little conjecture and surprise among her large circle of friends in Sedalia. No one was able to account even in the slightest degree for the young lady's mysterious conduct.

In speaking with a number of her friends, a DEMOCRAT representative learned that she had some very peculiar ideas upon the marriage question; in fact she emphatically stated that she would never marry, and proposed to be independent by remaining single.

As nothing could be learned in Sedalia, the DEMOCRAT sent a special telegram at noon to her father, Mr. Seth B. Sturtevant, No. 427 West First avenue, Columbus, Ohio, and received the following answer:

COLUMBUS, April 12, 1892.

SEDALIA DEMOCRAT:—Mr. Sturtevant is in Cincinnati, and thinks he has a clue.

MRS. S. B. STURTEVANT.

This evidently explodes the suicide theory to a certain extent, and it will be a source of relief to her friends in Sedalia, who have feared that she was dead.

Any further developments will be chronicled in the DEMOCRAT as the case progresses.

## CITY COUNCIL.

### Seventh Street to be Paved With Improved Telford—A Remonstrance Read.

The city council met in called session last night. Mayor Stevens presided and all the councilmen were in their seats.

A remonstrance from a number of citizens who have property fronting on West Seventh street was read. It opposed the substitution of improved Telford for brick. No action was taken upon the matter.

On motion of Mr. Carroll, Acting Clerk George Dent was instructed to read the ordinance which provides for the paving of Seventh street from the west line of Ohio to the east line of Grand avenue. The material to be used is improved Telford and the paving to be 30 feet wide. The rules were suspended and the ordinance was passed to its second and third reading, and upon its fourth reading was passed. The committee on streets and alleys was instructed to advertise for bids.

The contracts for the paving and the curbing will be let separately.

The council then adjourned until next Monday night when it will meet in regular session for the last time under the present administration.

## NOT YET CAUGHT.

### David Ousley, the Fugitive, Well Known Here.

The man, David Ousley, who escaped from Sheriff Duff, of Morgan county, a few nights since by leaping from the train near the "X" office, is quite well known in Sedalia among laboring classes, he having been employed here several years ago.

Ousley, who is forty-five years old, is a stone cutter by trade and was engaged in that kind of work while a resident of this place.

In addition to these developments, a DEMOCRAT reporter learned this morning that Ousley has a daughter living with the family of Mr. White, an old gentleman who resides north of the Missouri Pacific shops.

It was only late yesterday evening that the police became advised of Ousley's relations here, else the probabilities are that he might have been captured ere this.

## LAI'D TO REST.

### The Funeral of Mrs. Elizabeth Parberry Took Place Yesterday Afternoon.

The death of Mrs. Elizabeth H. Parberry at the home of her daughter, Mrs. John D. Crawford, Sixteenth and Kentucky streets, on last Sunday morning at 6 o'clock, removes from Sedalia one of its oldest citizens. Mrs. Parberry came from Tennessee many years ago with her father, the late Judge Thomas Jopling. She was 63 years of age at the time of her death and

had been a resident of Pettis county from an early period.

She was a member of the Methodist church and died with the glorious hope of resurrection and immortality.

Her Christian virtues were many. No wayfarer was ever turned unfed and unsheltered from her door and the ragged were always clothed. In these days when life is heated and barren with its strife, its vanities and its ambitions, it is a pleasant thought to know that there are those around us content in simply doing good that others may be happier, in becoming wearied that others may rest, and in watching that others may sleep. Such a woman was Mrs. Parberry and, as she passed out of the shadows of earthly life, there surely dawned for her a glory that shall never fade.

Dr. J. B. Fuller conducted the funeral services at the home of her daughter, Mrs. J. D. Crawford, yesterday afternoon at 1 o'clock. The burial took place at New Bethel church, 6 miles south of Sedalia.

## RING OUT THE OLD.

### The Old Sedalia Postoffice Quarters Vacated To-Day.

At seven o'clock this morning the postoffice effects were moved into the new building, where Uncle Sam will in future transact his business with Capt. Demuth as coadjutor.

The interior of the building is a magnificent specimen of architecture and presents an air of metropolitanism rarely seen outside of the great cities.

It is needless to say that the postoffice and all attaches connected with the department are in great glee over the new location.

Nor are the people lacking in appreciation, for the accommodations furnished by the new quarters will easily discount the advantages of the old.

## GROWING INTEREST.

### How the Meeting at the Christian Church Is Progressing.

In none of the meetings that have been conducted at the Christian church for the past three weeks has greater interest been manifested than at last night's services.

Aside from the thirteen additions made to the church, many others evidenced their desire to lead a better life. The house was packed to its fullest capacity, a large number standing for lack of accommodation.

Following the services twelve men and one woman were baptized.

The subject for to-night will be "Services of God Honorable."

## Buying New Cars.

The M., K. & T. is rapidly increasing its rolling stock for its new road from Boonville to St. Louis. Twenty-one cars have been sent from Sedalia to St. Charles, Mo., and will be used in hauling supplies for the construction of the uncompleted road bed. An order has been issued for fifty more cars which will also be sent to St. Charles as soon as completed.

## Early Primary.

The spokesman of a crowd of candidates assembled at the depot this morning remarked to a DEMOCRAT representative: "You may state that the candidates for county offices are unanimously in favor of an early primary. We see no reason why this matter should be put off, and as we are the parties chiefly concerned, it is nothing more than right that our wishes be granted."

## Fined for Late Hours.

Charles Carter, alias Smith, was locked up last night for late hours under suspicious circumstances.

He had in his possession a fine pair of high-top rubber hunting boots which Marshal DeLong is holding for identification. Carter was fined \$10 and will juggle rock for a few days.

## Will Occupy the Old Postoffice.

The Midland Loan and Savings company will thoroughly renovate and repair the old postoffice for immediate occupancy. A new floor will be put in and all necessary changes made to make the room a first-class business office.

## Arm Badly Broken.

Mrs. A. Nailer, living at No. 1412 East Fourth street, while going to church night before last, had the misfortune to fall and badly break her left arm. Dr. W. J. Ferguson attended the injured lady.

Mrs. Gladstone's first article in the series of "Hints from a Mother's Life," which she has written for The Ladies Home Journal, will be printed in the April issue of that periodical.

## Y. P. S. C. E.

### Regular Meeting of the Local Union.

A most interesting and profitable hour was enjoyed at the Central Presbyterian church last evening, the occasion being the regular meeting of the local union of the Young People's Society of Christian Endeavor.

Heretofore the union has been represented by only five churches, but the admission of the Broadway Presbyterian last night will increase the number to six.

One hundred active members of the society were present last night, and in addition to this number the contingent of visitors swelled the audience to more than one hundred and fifty.

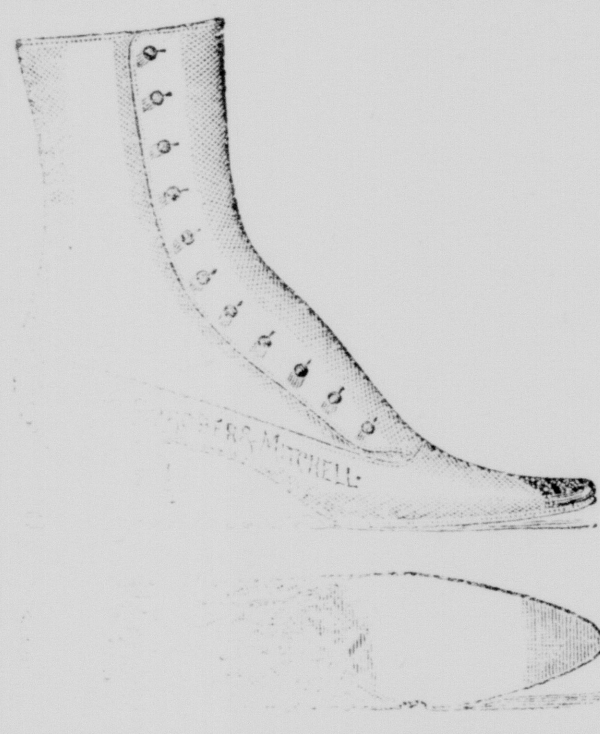

The Scripture lesson was read by Mr. Harris of the Cumberland Presbyterian. Prayer was offered by Judge Ryland. Mr. Barnes of New York conducted the singing exercises.

The especial features were the admission of the Broadway Society and the presentation of banner to the Union. A beautiful specimen of art this banner was. Miss Lillie Bard deserves the proud distinction of having made it. Miss Mabel Richardson doing the painting. The banner was a gift to the Union by Rev. R. R. Marquis, the president, and his estimable wife.

The presentation speech was happily responded to by Mr. J. S. Langhorne.

The Broadway Society was welcomed into the Union by Mr. W. F. West, also was followed by a response from Mr. W. S. Walker.

The matter of transportation to the national convention to be held in New York July 7th was brought up and it was agreed to pursue a route independent of that selected by the state committee.

## CRIMINAL COURT.

State vs. Fred Geisinger, grand larceny; arraigned, waives reading and pleads not guilty, continued on application and at defendant's cost, defendant recognized with Frank A. Thies \$1,000 continuing bond.

State vs. A. Ross, vagrancy; sheriff makes verbal return on writ of habeas corpus that he holds defendant by virtue of execution for fine and costs issued by A. D. Fisher, Justice of the Peace, which is denied by defendant; defendant removed to sheriff to serve out fine and costs.

State vs. John Crooch, carrying concealed weapons; defendant recognized under insolvent act.

State vs. Thos. T. Mullens; nolle prosequi.

State vs. Wm. Whitworth, seduction; defendant waives reading, pleads not guilty and case continued at defendant's cost, defendant recognized with B. T. Sterler and Geo. P. Withers \$1,000 continuing bond.

State vs. Thos. Roberts, assault with intent to kill; case continued, defendant recognized with W. T. Roberts and E. K. Conoday \$1,000 bond.

## Tuesday.

State vs. William Parmerlee; murder in first degree; defendant discharged.

State vs. John Hamilton; felonious assault; defendant appears in custody of sheriff and is discharged by the court.

State vs. Charles M. Jacker; confidence game; defendant files petition and affidavit for change of venue from Pettis county; same heard and sustained and cause sent to Johnson county.

State vs. Martin Biggs; felonious assault and wounding; defendant arraigned, waives reading of indictment and pleads not guilty; case continued generally with William Wright as surety for \$500.

Stop Shelley's oil wagon for gasoline, coal oil, etc. Cheap.

## THAT "YELLER" DOG.

He Is Filled With Shot and can Evidently Accommodate a Cannon Ball.

A rather laughable story is told of an Ohio street young man who attempted to kill the family dog a few days ago. The young fellow's mother decided that the dog had become too trifling too keep and told her son to take him to the woods and shoot him.

The boy tearfully loaded his gun and took his canine to a secluded place on the banks of Flat creek. Tying the dog to a tree, two loads of shot were fired at him and the execution was apparently done, as the dog fell.

After shedding a few tears over the terrible deed, the urchin stripped the corpse of its ornaments, a brass collar, and started home.

Upon arriving, his mother questioned him as to how well the work had been done. After the story was told how the pup had been shot into "smithereens," the boy stood aghast and horrified to see the self same pup crawl from under

## BEAUTIES

Spring Styles in Shoes.

COURTNEY'S.

the bed. He had been shot it is true, but not seriously, and to-day can swipe the liver out of the skillet with as much celerity as of yore.

## An Old Sedalian.

Theodore Shelton, of the Gauss-Shelton Hat Company, St. Louis, was in the city Saturday and was shown around the city by his old friend, T. W. Cloney. Mr. Shelton was at one time a citizen of Sedalia and "knew her when she wasn't much." He was greatly surprised at the extensive improvements that have been made and spoke in most commendable terms of our electric street railway, particularly.

Mr. Shelton was in Sedalia when Jeff Thompson made that informal call in 1861 and, according to Mr. Cloney, John Hall and the genial hat man took refuge in a well to escape the flying shells. Of course they were not scared.

The "QUICK MEAL" still leads all gasoline stoves, prices the lowest. See them at Hoffman Bros.

## Special Sale

This week in Baby Carriages and Dinner and Chamber Sets.

"GOOD EVENING!"

Of Course I Read THE DEMOCRAT

"I would earnestly advise them for their good to order this paper to be punctually served up and to be looked upon as a part of the tea equipage."—ADDISON.

The choice of the Missouri democrats for the presidential nomination is the man who can win.

REMEMBER the meeting of the Sedalia Democratic club at Hurley's hall to-night, and let there be a full attendance.

EDITOR COCHRANE, of the St. Joseph Gazette, would make a most excellent delegate to the Chicago convention.

THERE should be a democratic club in every township in Pettis county. Let the work of organization begin at once.

THE St. Louis connection of the M., K. & T. is being pushed right along and Sedalia will soon begin to reap the fruits of an increase in the shop force of the road.

OUR St. Louis brethren must not get to pulling hair among themselves. As long as Boss Filley is not bald-headed they can amuse themselves with his gory locks.

SENATOR VEST tells a New York newspaper reporter that Missouri is for free coinage of silver, but for Cleveland for president. He doubts, however, if the state will instruct its delegates to the national convention.

THE process of taxing the west for the benefit of the east has played smash with the republican party in the agricultural states, but the democracy can only win the disaffected votes by making a bold persistent effort to correct the evil.

THE average citizen of Sedalia is an ardent advocate of good paved streets and the more he thinks about the matter the more he becomes convinced that the time has arrived when the work of making good rock roads in the county should be begun.

THE average Kansas republican has a horrid nightmare every time he thinks of a fusion of the democrats and third party in that state. Fusion is not always a good thing, but it would be funny to see the electoral vote of Kansas taken out of the republican column.

PROBABLY no man in the state has a clearer idea of the condition of the democratic party of the country than has Col. Chas. Jones, of the St. Louis Republic. As one of the delegates at large to the Chicago convention he would be in a position to do real service to the party in helping to select the man who can win.

THE Cleveland men in Indiana are getting mad because Gray re-

fuses to retire from the presidential race. There is a strong feeling in the country against the course the Cleveland leaders are pursuing and it is very questionable if the disposition to ride rough-shod over all opposition does not injure the prospects of the ex-president.

### AN HONEST DOLLAR.

The use of the dollar is to measure values in this country, just as the use of the bushel is to measure commodities.

The "honest" dollar is the coin that most accurately measures values, whether it be gold, silver or paper.

The "dishonest dollar" is the dollar which has appreciated or depreciated in a greater degree than the average productions of the country, and which is either too dear or too cheap to constitute a fair measure.

By this standard it will be seen that silver is the honest dollar today in the United States.

Going back to 1870 as a starting point it will be seen that silver has changed in value less than gold, when measured by the value of the average productions of the country.

Take corn, wheat, pork, beef, cotton, iron or any of the staples of the country and it will be seen that a given quantity of these have kept nearer to the exchange value of an ounce of silver than to that of an ounce of gold, and that while all have depreciated in value when measured by the gold standard, they have depreciated in something like the same ratio.

In other words, gold has appreciated in value when compared either with silver bullion or the other products of labor, and while the exchange value of a given quantity of gold and silver has changed greatly the change has been caused by the appreciation of the yellow and not by the depreciation of the white metal.

This is the fair and just view to take of the coinage question, and measured by the standard of labor, the only fair criterion, it is the gold dollar which is dishonest to the debtor instead of the silver dollar being dishonest to the creditor.

THE democratic congressional committee of the new Seventh district meets in this city to-morrow. We will miss our old friends from Cooper, Moniteau, Morgan, Dallas and Camden, but we will have the pleasure of welcoming our sister, Greene. From present appearances Congressman Heard will be renominated without opposition.

ELEVEN Kansas counties have instructed for Cleveland. The jury over this announcement is somewhat saddened by the thought that not one of those counties will give him a majority vote if he is nominated. There are numerous post-offices in sight, however, if the democratic states can elect the choice of the Kansas democrats.

THE republicans who so strongly favored free raw sugar principally for the benefit of a trust, ought to be in favor of free commercial sugar for the benefit of the people; that is, they ought to be unless they are more friendly to the trusts than to the people.

A DISPATCH from New York states that Muldoon, the wrestler, has been engaged to put Secretary Blaine through a course of physical training. Then "Boss" Filley can put him through the convention and the republicans will have their ablest leader in line for a presidential race.

THE Star-Sayings (republican) says that Grover Cleveland would "doubtless make a good president of the United States." Of course he would; better than any republican, and better than any other eastern democrat.

If we are not going to have any silver legislation the ways and means committee should grind out tax reduction bills a little faster. Time flies and the presidential campaign will soon be on hand.

WHERE is the republican state that has had its taxes reduced as rapidly as has democratic Missouri?

KANSAS CITY is being flooded with circulars offering "green goods" for sale and a number of them have found their way into the

hands of the officers. This particular bunco game is as old and threadbare as the "protective tariff" scheme that has been worked on the laboring men so long.

AGAIN the DEMOCRAT would remark that the democracy should make a clean sweep in Pettis county this fall; a good, strong ticket will win from top to bottom.

WHILE a republican national administration has increased federal taxes by the McKinley bill, democratic Missouri decreased state taxes materially.

### THE STRENGTH OF UNION.

How Democracy Can Continue Its Victories by Good Organization.

To the Editor of the DEMOCRAT.  
Repeated references of the DEMOCRAT to the importance of club organization should have the approval of every democrat and his active energies effecting a practice of it.

There is a massive influence in clubs that merges individuals into a unit of political action that can not otherwise be obtained. It is the political yeast that ferments a community into a common effort for the general good of democracy and equalizes everyone's influence to the common advantage of all. All kinds of local grievances are allayed, all objections are harmonized and suspicions nullified by the consent that the whole party is to be subserved where the influence of one democrat counts for as much as another. Besides these advantages, every man's personal effort is supported and fortified by the united influences of association, the personal burden is evenly distributed and the cause appeals to each alike.

All in all, united counsel devises the best political practices, eliminates political nonsense and wins battles safely with organized clubs. Now, Mr. Editor, if these are facts, why should not our party management see at once that the best advantages be lent to the effort? It is high noon already and the democrats invite the interest and will second the matter by an activity in the coming canvass never before seen in the county. Let us have clubs everywhere.

R. A. BLAIR.

### Skilfully Done.

A very clever operation was performed by Dr. Small, of this city, on the 15-year-old son of N. C. Cayton, of Otterville, last Wednesday.

It consisted in removing a fibroid tumor from the young man's left cheek. The operation was so skilfully executed that even the stitches were removed this morning. The tumor was caused by a bruise which the patient received when a child and had grown to the proportions of a patridge egg when removed.

The American girl is not slow to grasp a chance. Some time ago The Ladies' Home Journal organized a free education system for girls, and the magazine is now educating some forty odd girls at Vassar and Wellesley Colleges, and at the Boston Conservatory of Music, all the expenses of the girls being paid by the Journal.

### Public Schools in Western Cities.

Julian Ralph in Harper's Magazine.

In no city in the west is there a sign that public education will not remain the most costly branch of the government. There are two ways to look at such a condition, but, in my opinion, the two ways are not what they are commonly supposed to be. One way should be to look with envy on the rich, who thus may send their children to school for eight years, while the poor, who must put their little ones to work at tender ages, foot the greater part of the cost. The other way might well be to commiserate the poor who are deceived by sentimental clap-trap into inflating the common school system in such a manner that at last their share in its benefits becomes microscopic.

### The Exit of Instructions.

From the New York World.

The practice of instructing delegates to the National Democratic Convention in behalf of one or another candidate is full of evil and ought to be abandoned.

It confuses counsel. It embarrasses action. It prevents deliberation and the exercise of wise judgment. Carried to its legitimate end it must reduce the National Convention to a merely mechanical recording machine so far as the choice of candidates is concerned. It may easily lead to disastrous mistakes through the crippling of deliberation at the moment when deliberation is most necessary and most likely to give good results.

If the delegates enter the convention tied hand and foot with instruc-

tions, conference is of no use and the convention ceases to be a choosing body. Its work might as well be done by the instructions without the delegates, by paper certificates instead of men.

These States which do not give democratic pluralities, whose electoral votes are sure to be counted against the democracy, ought very largely to leave to the delegates from the democratic and doubtful states the work of choosing the candidates with whom to win. Yet it is the surely republican states whose democracy is usually freest in binding delegates to a particular, prearranged choice. The delegates from such states count for as much as those from democratic communities, and their instructions tend to override the deliberate judgment and choice of those whose constituents must do the electing. It may easily happen that the instructions given in states which cannot furnish a single democratic electoral vote may determine the choice of a candidate.

The practice of instructing is unwise, unfair and dangerous. It ought to be abandoned. The national democratic convention should be the great deliberative congress of the party, free to do the work of conference, consultation and selection with which it is charged. It has need of all its judgment and freedom of choice in order that

The next president shall be a democrat.

### AMUSEMENTS.

#### "His Nibs, the Baron."

All the latest operatic hits and popular songs are introduced in "His Nibs, The Baron." The company appearing is said to be an unusually versatile one, each and every member aside from giving a portrayal of the part assigned contributes a specialty. At the opera house Friday, Saturday and Saturday matinee, April 15 and 16.

#### An Appreciated Compliment.

From the Democrat-News.

The splendid work done by the Sedalia DEMOCRAT in their late municipal campaign is worthy of especial notice. The democracy fought an uphill fight from the beginning, and the result shows the republicans were routed horse, foot and dragon. Saline is proud of the two able democrats she has lately resigned to Pettis, Messrs. Stratton and Baldwin.

## AT NOON, APRIL 19.

Secretary Noble Reported to Have That as the Date

## FOR OPENING OF INDIAN LANDS.

Old Soldiers Dissatisfied With the Ruling of the Land Office in Regard to State-ments—Townsites to Be Carefully Guarded.

WASHINGTON, April 12.—Secretary Noble, speaking of the Cheyenne-Arapahoe opening, said:

"We have been delayed, and to go into any detail of reasons would be tedious and do no good. The delay was not to be avoided and the department struggled in vain. I had set my heart on the 1st of this month and by the 10th at the farthest, but we could not make it. Matters are definitely settled now, however. The details of President Harrison's proclamation are agreed to and the opening is set for the 19th of April at 12 o'clock noon.

"This means noon by standard time at the lands themselves, not noon by Washington time. To-morrow we will publish the list of lands ready to be occupied in the Cheyenne-Arapahoe territory. The publication, which will set forth a full description of the lands section by section, just as it would be described in a deed, will appear in a Washington paper. The law only makes arrangement for it to appear in one paper, but I shall send copies to some ten others. April 19, noon, is the hour for opening, and you can say that men will save time by not being ahead of the hour."

OLD SOLDIERS DISSATISFIED.

KINGFISHER, Ok., April 12.—The ex-soldiers here have been in a condition of intense excitement for several days in consequence of the persistent repetition of the report that the secretary of the interior has sent instructions to the land offices providing for but one declaratory statement from each agent and excluding soldiers from the use of the mails in filing declaratories.

It has been reported that Gov. Seay was opposed to the filing of declaratory statements, but he indignantly denies the charge and insists that he has always been the friend of his comrades and they will hesitate long before believing him guilty of opposing their interests.

The allotments still attract comment and many home seekers after examining the maps vent their indignation in language more emphatic than elegant and turn their horses' heads toward God's country from whence they have come. After the wild boom is over thousands more will be found wending their way homeward deceived, disgrusted and penniless for the Indians have the choice lands.

The projected meeting of old soldiers have been postponed for a day or two and some spicy resolutions are expected to result from their conference.

AT ELRENO.

ELRENO, Ok., April 12.—Gov. Seay is still at Kingfisher and in conference with United States Marshal Grimes and the several surveyors who have returned from the county seat townsites located in the new country. Several conferences have been held between Gov. Seay and Col. Wade, commanding at Fort Reno, at the instance of the secretaries of war and interior, and a plan has been reached by which the governor and the military may carry out the work at the formal opening of the territory with mutual advantage. To a direct question Gov. Seay said:

"I have no definite information as to when President Harrison will issue his proclamation opening the Cheyenne and Arapahoe lands to settlement or what day he will set for the entry. I shall naturally defer to the president, but will issue my proclamation opening for location the county seat town sites immediately afterward, designating the same day but a later hour. That is to say, I will place the hour for entering the townsites at from two to four hours later, according to the distance the townsites occur from the line from where the start must be made. I do this for two reasons; to checkmate the sooners, who in small squads will no doubt be hiding in the timber and breaks near the townsites, and to give the weaker ones an equal chance with the strong to secure town lots."

A cordon of soldiers will be drawn around each townsite, holding all in check until the hour designated arrives, when the officer in command will give the final signal to start for the goal.

Col. James F. Wade, commanding at Fort Reno, who has charge of all field operations in the new country, has made the following disposition of troops to occupy the positions: Troops to operate in the Cheyenne and Arapahoe reservation. Col. James F. Wade, Fifth cavalry, commanding, county C; troop K, Fifth cavalry, Capt. A. E. Woodson commanding, county D; troop G, Fifth cavalry, Capt. E. M. Hayes commanding, county E; troop A, Fifth cavalry, Capt. J. A. Augur commanding, county F; troop F, Fifth cavalry, Capt. G. H. Paddock commanding, county G; troop B, Fifth cavalry, Capt. C. C. Watts commanding, county H; troop H, Seventh cavalry, Capt. Charles E. DeRudio commanding, also troop D, Fifth cavalry, Capt. L. D. Thomas commanding. The southern border of county H is patrolled by troop H, Seventh cavalry, and D, Fifth cavalry.

All the surveyors of the county townsites have finished and submitted their reports to the governor for his approval. Some changes have been suggested, but they are so slight and so nearly in line with the surveyor general's plans that they will be approved without hesitation when corrected. The county seat towns are uniform in shape, area and general plan of survey, although the locations of the business blocks and reservations differ in conformity to topography of tract. The townsites are all rectangular, one-half mile from north to south and one mile from east to west. All streets running north

and south are 60 feet wide except one business street 50 feet and all running east and west, 80 feet, except one which is 100 feet. There are two business streets. Business lots extend two blocks each way from the intersection of the business streets, lots there being 25 feet frontage, thus making twelve half and four quarter business blocks. All other lots have 50 feet frontage. Reservations are: Four blocks for public park, two separate blocks for public schools, one for high school, one for county court house, one-fourth block for city buildings and six lots for as many church buildings. Three lots in the business portion of the townsite are reserved for post office buildings.

It is a fact worth remarking that while the details differ widely the plans as submitted by the surveyors to Gov. Seay are exceptionally well made. Gov. Seay's secretary has prepared the following of considerable interest to those contemplating making the run.

Distances—To Cloud Chief, county H, from south line, nine miles; east line, twelve miles.

Cheyenne, county F, from west line, twenty miles; south line, twenty-two miles.

Island, county E, from north line nine miles, west line twenty-seven.

Tolloga, county D, twelve miles; from Chapman's line not straight, from north line eight miles.

Watona, county C, from north line twenty-two miles, east line twenty-nine, south line twelve.

Arapahoe, county G, from east line twelve miles.

## SENATE AND HOUSE.

Proceedings in Both Branches of Congress of an Unexciting Character.

WASHINGTON, April 12.—In the senate

Mr. Morgan offered a resolution requesting the president to communicate to the senate the items of taxation upon imports from the United States imposed by the laws of Hayti, upon which the president has based his finding and proclamation that the tariff laws of Hayti are reciprocally unjust to the United States; also requesting the president to send to the senate any agreement made by him with Germany and the correspondence relating to the subject of such agreement in which it is proposed that sugar or any other German production of export shall be admitted into the United States free of duty and that he inform the senate what articles of American production he has proposed or demanded that Germany shall receive free of duty, or upon a schedule of reduced duties. It went over until to-morrow.

The two resolutions offered by Mr. McMillan last Friday in regard to the rejection of bids for the construction of warships at lake ports and in regard to the agreement between the United States and Great Britain, covering the naval force to be maintained on the great lakes, were agreed to.

Mr. Palmer introduced a bill to remove the limitations to the payment of arrears of pensions.

Mr. Stewart offered a resolution calling on the secretary of the treasury for the information connected with the purchase and coinage of silver and gave notice that he would occupy about fifteen minutes to-morrow in calling attention to the statement of the secretary of the treasury as to finance.

The bill heretofore introduced by Mr. Gallinger for a commission to select a site for a sanitarium for pulmonary patients was taken up and Mr. Gallinger addressed the senate. At the close of his remarks the bill was referred to the committee on epidemic diseases, and then, on motion of Mr. Cameron, the senate proceeded to executive business. When the doors reopened the senate adjourned.

## THE HOUSE.

WASHINGTON, April 12.—On motion of Mr. Dabarrow, of Illinois, a bill was passed repealing the joint resolution passed in the Fifty-first congress, which authorized the secretary of war to lease a pier at the mouth of the Chicago river. The floor was then accorded to the committee of the District of Columbia. A few local measures were passed and the house adjourned.

## FIGHT IN A COUNTY JAIL,

And Which May Result Fatally to One of the Combatants.

KANSAS CITY, Kan., April 12.—A fight occurred in the county jail here yesterday noon which will, it is believed, result fatally to one of the combatants. Lewis Preston is a young colored man, who was committed some time ago for stealing chickens in Argentine. William Sutcliffe and J. W. McCaffery are also inmates of the jail. Shortly before noon Frank Hahn was admitted.

Immediately the cry of "fresh fish" resounded through the corridors, in which Preston, Sutcliffe and McCaffery were loitering. As is usual upon the occasion of the incarceration of a new prisoner, arrangements to try him by "kangaroo court" were commenced. Preston announced that he would officiate as judge, Sutcliffe declared that he would be the judge himself.

Thereupon Preston and Sutcliffe became angered and engaged in a rough and tumble fight. While they were thus engaged McCaffery seized a stone jug, with which he hit Preston on the head. The blow fractured Preston's skull and made a cut in his scalp four inches long. Preston's injuries are so serious that the physician who attended him is of the opinion that he cannot recover.

Millers Meet at Kansas City, Mo.

KANSAS CITY, Mo., April 12.—Another meeting of millers has been held at the Coates house to confer regarding milling in transit rates. There were present representatives of five leading mills of the Missouri valley, including J. C. Lysle, of Kelley & Lysle, Leavenworth; W. C. Sprague, of Rush & Sprague, Leavenworth; R. T. Davis, of St. Joseph, and local representatives. The millers refuse to divulge what, if any, conclusion was arrived at.

Alliance Men Indorse E. P. C. Wilson.

ST. JOSEPH, Mo., April 12.—Saturday afternoon the Buchanan county Farmers' Alliance sprang a surprise on the democracy by indorsing Congressman R. P. C. Wilson.

## SWOLLEN STREAMS.

Heavy Rains in Mississippi and Alabama Cause Losses.

## NOT OF PROPERTY ONLY BUT OF LIFE.

At Least One Hundred Colored People Reported to Have Been Drowned—The Rise in the Tombigbee Very Sudden.

COLUMBUS, Miss., April 12.—The recent heavy rains have swollen all streams in this section of the country to a point never before known, and as a result the destruction of life and property is frightful. All farms along the Tombigbee river are abandoned. Houses of all kinds are washed away and cattle and mules by hundreds have been drowned.

Many floating houses have passed down the river. Every available craft here has been used day and night in relieving the sufferers, carrying out food and bringing in the destitute people.

On one small mound there were forty people, as many more cattle and mules. On another there were seventy people and cattle by the hundreds and the negroes on all the low lands have lost everything on earth they had, and there are hundreds of them here.

The white people have been unable to get a negro to do any kind of work toward rescuing other negroes without paying in advance.

Twelve negroes have been drowned within three miles of this city. At points on the river below here the loss of life is very large.

The railroads have abandoned all trains westward and there are many washouts. Their trestles are swept away and all the roads have large forces repairing damages, but it will be a week before trains will be running. There has been no communication before yesterday with the outside world since last Wednesday.

The water was receding, but it is again rising. One rescuing party was upset and three negro boys drowned three miles above town. All the others climbed trees and were found. Another rescuing party were upset and spent twenty-three hours in the trees.

The water indicates that the loss by the flood is greater than at first reported, as does news just obtained from points below where the country is flat and gives no refuge to the negroes. It may therefore be expected that the later reports may show at least 100 negroes have been drowned in this county alone. The waters have receded about seven feet and continued to fall slowly last night. Most of the country bridges have been swept away and it will be weeks before regular traffic will be resumed.

MOBILE, Ala., April 12.—The Tombigbee river has not since 1847 had so sudden and great a flood as the present. The farmers on the river were wholly unprepared and from Columbus, Miss., to Fulton the loss of hogs, cattle, mules and cotton seed has been unprecedented, much farming has been swept away and people rendered destitute.

A great deal of land planted is under water. Mules, horses and cattle are seen daily floating down the river. About eighteen feet additional rise is expected.

## WHAT CLEVELAND SAYS.

Text of a Letter Written By Him to a Citizen of Chattanooga, Tenn.

CHATTANOOGA, Tenn., April 12.—The following letter from Grover Cleveland has been received by a prominent democrat in this city:

JAMES BILLE, Chattanooga, Tenn.  
LAKESIDE, N. J., April 7.—My Dear Sir: I desire to thank you for the report of the meeting at Chattanooga, which you so kindly sent me, and for the friendly words you spoke of me on that occasion. I am exceedingly anxious to have our party do exactly the right thing at the Chicago convention, and I hope the delegates will be guided by judgment and actuated by true democratic spirit and the single desire to succeed on principle. I should not be frank if I did not say to you that I often fear I do not deserve the kind things such friends as you say of me and I have frequent misgivings as to the wisdom of again putting me in nomination. I therefore am anxious that sentiment and unmeasured personal devotion should be checked when the delegates to the convention reach the period of deliberation. In any event there will be no disappointment for me in the result. Yours very truly, GROVER CLEVELAND.

## FLOODS IN THE NORTHWEST.

In Some Parts of North Dakota the Rains Have Had Disastrous Effects.

ST. PAUL, April 12.—The late and heavy rains have been having disastrous effects in some parts of North Dakota. A week ago Jamestown was fearful of damage from the Jim river, but managed to escape. The Red river valley has not been so fortunate according to the report received from St. Vincent. The Red river is over the banks and is flooding the towns of St. Vincent and Emerson. The river was forty feet above low water mark and still rising yesterday afternoon; as the ice in the river has not yet gone out, a greater height is feared. A rise of only one foot more will cover the town of Emerson. The indications are that the disastrous flood of '80 will be repeated.

## Quiet on the Frontier.

CITY OF MEXICO, April 12.—Frontier telegrams report everything quiet. Garza is in hiding and there is not a single revolutionist this side of the Rio Grande. Several smuggling bands prowling around in Texas, but they are not considered dangerous.

A certificate of the increase of capital of the Standard Oil Co., of New York, from \$5,000,000 to \$7,000,000 has been filed with the secretary of state at Albany, N. Y. The certificate shows that the amount of capital at present actually paid in is \$5,000,000 and that the liabilities of the company amount to \$1,550,869.

Guards in the Belem, Mexico, prison have discovered an underground passage leading from the murderers' department by which over 100 prisoners sentenced to death were enabled to escape.

## NINE PERSONS DROWNED.

A Boston Farm School Instructor and Eight Boys Lose Their Lives By the Capsizing of a Boat.

BOSTON, Mass., April 12.—Last evening an instructor and ten boys connected with the Boston Farm school at Thompson's island were capsized while on the bay in a sail boat, and the instructor and eight of the boys drowned. The victims were: A. F. Lordburg, instructor; Frank F. Hitechock, Homer F. Thatcher, George F. Ellis, Thomas Phillips, William W. Curran, Charles H. Graves, Harry E. Loud, Adelbert H. Packard.

The instructor had been to the city during the day to attend church and with ten boys, constituting a regular crew of the school, left the island at 6:30 to sail to City Point.

At a point supposed to be between Spectacle island and Thompson's island the boat was struck by a squall and immediately capsized. The eleven occupants were thrown into the ice-cold water, but being accustomed to strict discipline they caught on the overturned craft and then began a long wait for rescue. They occasionally shouted in the hope that they might be heard by some one on shore.

When the time for the boat to return to the island had passed the superintendent of the school, Charles A. Bradley, went to the beach to scan the waters towards City Point to see if his boys were approaching. There was a fire on a neighboring island and he got in the range of the firelight in the hope that it would aid his vision, but saw nothing.

Finally the chill of the water and the exertion necessary to keep their heads above the surface overcame the unfortunates, and one by one they were compelled to release their hold. The instructor was the first to go. Each offered a prayer or a word of farewell to the others as he gave up his hold on life. Some of them endured the unequal contest for nearly four hours, and it was quite four hours, or about 11 o'clock, when the boat with two survivors, Ove W. Clements and Charles A. Lanch, still clinging to it, drifted ashore. They are rapidly recovering from the effects of their exposure.

Superintendent Bradley came to the city this morning, notified the police, undertakers and officers of the Boston Farm school of the disaster and engaged a diver to search for the bodies of the lost.

## ANARCHISTS ABROAD.

Another Explosion in Paris—Arrest of a Leader in Madrid—Grenades and Other Explosives Found.

PARIS, April 12.—A canister of powder was exploded yesterday on the window sill of a magistrate in Compeigne, who had incurred the hatred of poachers. The windows were shattered and the house otherwise damaged.

Ravachol has decided to allow his trial to begin April 26. Since his arrest over 2,000 letters of all kinds have been sent to him. Gustav Matthien denies any acquaintance with Ravachol.

MADRID, April 11.—Munoz, an Anarchist leader, was arrested yesterday on a charge preferred by Delroche of having supplied bombs to anarchists. A box containing grenades and other explosive projectiles was found Saturday night at the gate of the hospital for army pensioners. It is reported that 110 pounds of dynamite have been stolen from the mines and the Palm Sunday services at the royal chapel were omitted yesterday.

## THE MORMON CONFERENCE.

Large Attendance at the Temple at Independence, Mo.

INDEPENDENCE, Mo., April 12.—The fact that President Smith was announced to preach yesterday drew a great crowd at the temple. There was no business session of the conference, but it was spent in services at the temple, wherein the members "testified" and several sermons were preached. Singing and talking in "tongues" was again an incident of the meeting, and there were many prophecies made by those who were apparently in a trance, but the great revelation which all were so anxiously waiting for did not come. The spirit has not yet moved President Smith to talk, and the faithful are still waiting for the words which will fill the vacancies. In the afternoon, after a short talk by President Smith, the impressive confirmation services of the church were gone through with. Two children were consecrated as followers of the true faith.

## BAD WEATHER AT MEMPHIS.

Which Interfered With the Opening Day of the New Memphis Jockey Club's Spring Meeting.

MEMPHIS, Tenn., April 12.—The opening day of the spring meeting of a new Memphis jockey club was held yesterday. Weather was cold and attendance only fair. Barring a bad start in the first race, the events were all good ones, and considering the condition of the track, which was ankle deep in mud, the sport was good.

The event of the day, the Tennessee derby, was won by J. W. Brown's bay colt, Tom Elliott, by Luke Blackburn, in 2:05½, which was good for the day. Bolivar Buckner, a 10 to 1 shot, surprised the crowd by winning the fourth about as he pleased. Helter Skelter galloped in easily in the first. Twenty-six bookies did a rushing business, and broke about even with the crowd.

## Cleveland and Gray.

INDIANAPOLIS, Ind., April 12.—The democratic convention of this, Marion, county was held Saturday. Although this is the home of ex-Gov. Gray, the following resolution was adopted with but few of the 700 delegates voting in the negative:

Resolved, By the representatives of the democratic party of Marion county in convention assembled, that as tariff reform should be and will be the paramount issue in the next presidential election, it is the judgment and wish of this convention that Grover Cleveland should be the nominee of the democratic party for president and Gov. Gray for vice-president.

A fire broke out on the British steamer Monrovia, at Bremen, from New Orleans, and before it was extinguished 300 bales of cotton and the corn in the afterhold were damaged.

## BLOODY BATTLE.

A Serious Encounter Between Cattlemen and "Rustlers."

## THE FORMER WERE VICTORIOUS.

The Engagement Occurred on Powder River, Wyo.—Two of the Cattle Thieves Reported Killed and Several Wounded—Trained By Blood.

DOUGLAS, Wyo., April 12.—A battle between the cattlemen and "rustlers" has occurred on Powder river, in which the latter were defeated, with a loss of two killed and several wounded.

The rustlers are flying in every direction with the victorious cowboys hot on the trail.

Owing to the telegraph wires being cut it is difficult to obtain details of the fight. Nate Champion and a man named Ray, two notorious rustlers, were killed in the fight.

A telegram from the sheriff of Johnson county to Sheriff Campbell, of Converse county, states that the fight occurred on Powder river, and directs him to arrest the fugitives.

Under these directions the Converse county authorities have guards stationed at all bridges along the Platte north and west of here and at river fords.

The mail carrier on the southern division of the mail route between Buffalo and Douglas came in yesterday afternoon but had no mail from Buffalo. He reported having heard of two fugitives at Fetterman returning from the reported battle. Two deputy sheriffs were sent out after the fugitives. The men had stopped at William Werner's house at Fetterman. They were mounted on fine horses newly shod and badly jaded. They wanted to exchange horses, saying they belonged to a big cattle outfit which would pay all damages.

One of the men was wounded in the arm. Werner

The DEMOCRAT is authorized to announce Mont Carnes a candidate for the office of sheriff of Pettis county, subject to the decision of the democratic party.

The DEMOCRAT is authorized to announce the name of J. C. Porter as a candidate for sheriff of Pettis county, subject to the decision of the republican primaries or convention.

#### WEATHER REPORT

For the 24 Hours Ending 3 O'Clock P. M., April 12, 1892, Taken by C. G. Taylor.

Wind	Cloudiness in tenths.	Temperature	Precipitation in inches.
SE.	10.	Max. 50°.	0.03.
		Min. 40°.	

Barometer 29.50.

Weather for Missouri for twenty-four hours beginning at 8 a. m., this morning: Generally fair, preceded by showers in southwest; slightly warmer.

#### PERSONALS.

Jim Tom Bradley, of Chicago, is in town.

A. Mayer went to Boonville this morning.

J. H. Bothwell went to Jefferson City at noon.

Col. Joe Higgins is down from Houstonia to-day.

J. H. Hassett, of Sweet Springs, was in the city to-day.

Mrs. Way, of Marshall, is in the city visiting Mrs. Wes. Naylor.

Dr. Howlett and John Hoberrecht, of Otterville, were in the city this morning.

Col. Musick came in on the branch this morning and will spend the day in town.

W. H. Dooley, "mine host" of the Arcade hotel at Higginsville, arrived in the city this morning.

E. H. Jones, of the Chicago Clothing company, returned this morning from a trip to the Windy City.

Miss Kate Brown, who for a fortnight has been the guest of A. C. Baldwin, returned to her home at Marshall this morning.

Capt. F. P. Bronough, of Boonville, passed through this morning en route to the Indian territory, where he has land interests.

Mrs. A. D. Jaynes left at noon for Athens, Ohio, where she will visit relatives for a week. She will depart with her daughters for their European tour on April 27th.

Mrs. Watson B. Fair, accompanied by Mrs. John R. Barrett, of Sedalia, will sail for Europe the last of April.—*St. Louis Republic.*

Billy Hogg left last night for Bloomington, Illinois, where he goes to look after his interest in an estate which is soon to be divided.

Mrs. Howard Stryker left at 12:40 to-day for Erie, Pennsylvania, where she will join her husband. They will make that city their future home.

Charlie Conrad will leave for St. Louis to-night, where he will be joined by his wife and little son, who have been visiting relatives in Illinois for the past two weeks.

Mrs. J. M. Ames returned home to Otterville this morning. She has been attending the bedside of her son Louis at the M., K. & T. hospital. He has not been feeling so well during the past few days, but was slightly better this morning.

##### No Bill.

The William Parmer case was disposed of this morning by the grand jury ignoring the bill of charges preferred against him.

The Riley souvenir programme is a novelty in itself, representing 109 of our progressive business firms.

##### Scott Reception.

The reception given at Mrs. Bettie Scott's, April 7th, in honor of her son, T. L. Scott, who was married to Miss Stella Hendrix, of Callaway county, by Rev. E. K.

of the Scott children. The guests were received by the groom's mother, assisted by her neices, Misses Eva and Ella Kemp and Ada Estes. There were about one hundred invited guests, who enjoyed a most excellent meal, gotten up to suit a queen's taste, which was placed upon a table decorated in a taste that would have been hard to improve upon. Mr. and Mrs. Scott will be at home to friends ten miles northeast of this city.

GUEST.

#### BISHOP HENDRIX.

Passenger on East Bound Train En Route to Louisville.

A distinguished passenger was on the east bound train at noon to-day. It was Bishop Eugene R. Hendrix of the Methodist Episcopal church south, and perhaps the greatest of the college of bishops.

Bishop Hendrix is a man who like old Oeneas has "traveled much both by land and sea." A tour around the globe made some ten years ago, besides several European visits since, constitutes a portion of his extensive travels.

The Hendrix family, like the Beecher, is a distinguished one. Joseph Hendrix has been elected mayor of Brooklyn, New York, for two consecutive terms, while Fremont, another brother, was up to the time of his demise, a few years since, one of the chief officers in the naval service.

#### A SAD AFFLICTION.

Mrs. Dr. E. C. Evans Goes to St. Louis to Seek Relief for Failing Eyesight.

Dr. and Mrs. E. C. Evans were passengers to St. Louis on the noon train. Mrs. Evans has been in poor health for quite a time and the visit is made to consult the best medical advice in the country with a view to treatment.

Mrs. Evans' friends will be pained to know that her eyesight has almost entirely failed and it is with difficulty that she can see to walk around her room or to even take food.

The condition is a most serious one and is deep seated. The cause is hardly known, but is supposed to be due to a certain extent to her becoming very much overheated about two weeks ago. She was out calling during a very warm day, and, having no umbrella for protection, came near being prostrated by the heat. Her condition has grown more serious ever since.

They may be absent several weeks, as their physician may advise a visit to Hot Springs.

#### A WEAKNESS FOR GUNS.

Joe Roe Gets Into Trouble for Carrying Concealed Weapons.

Several weeks ago Joe Roe, living in the country north of Sedalia, had a warrant sworn out against him for disturbing the peace of John Glazebrook and carrying concealed weapons.

Roe was not arrested until he came to Sedalia one day, when he was invited by the constable to visit Justice Levin's office. He was searched and a gun found on him at the time.

By the consent of the attorneys on either side the charge of carrying concealed weapons was dismissed to-day, and he was given a hearing for disturbing the peace only. He received a fine of \$1 and costs, amounting to a total of \$11.20, which was paid.

After he was discharged another warrant was served upon him for disturbing the peace of George M. Boyles and flourishing a shotgun. He was taken before Justice Milo Blair and his hearing set for April 20th.

Roe evidently proposes to make himself a walking arsenal, but the indications are that he will pay dearly for the privilege if he continues it much longer.

#### Murphy Meeting.

The most enthusiastic meeting in the history of the Murphy club was held at the club rooms last night.

There was an unusually large attendance and every one present seemed to be filled with the spirit of charity towards the unfortunate. Truly they had cause to rejoice, for when an inventory was taken it was found that out of a membership of one hundred and fifty members not one is at present untrue to his pledge.

J. M. Brown tendered his resignation as president, ill health preventing him from performing the duties. His resignation was accepted and a vote of thanks was tendered him by the club for his faithful discharge of duties while president.

Mr. Stemerson, manager of the Singer Sewing Machine company, was elected to fill the vacancy.

#### Died.

The infant grandchild of Mr. and Mrs. Nelson Boies, residing on North Pacific street, died at 11 o'clock last night. Funeral to-morrow afternoon at 2 o'clock.

## SHOP AND RAIL.

### A CURRENT HISTORY OF THE RAILROAD WORLD.

What Men Are Doing and Saying and Companies Planning and Executing.

Charley Cannon who has been running in the place of George Lydick on the north end will go back to his old job on the local and register out with Conductor R. J. Ross in the morning.

The Missouri Pacific ticket office in St. Louis, has been removed from its old location on Fourth street to handsome new quarters formerly occupied by Alexander's drug store at Broadway and Olive street.

George Lydick resumes his old run as brakeman on the south end this afternoon. George has just recovered from a long spell of sickness and the boys hope that he will soon be strong enough to twist the brake chain in two.

#### Working Half Time.

Middle switch engine No. 203, which has been working full time, has been pulled off and will now work but half time—from 12 o'clock till midnight.

#### REPORTED DROWNED.

A Young Colored Man of Sedalia Said to Have Lost His Life at Kansas City.

Phyllis Channels, a colored woman living in Lincolnville, received information this morning that her son, Edward Channels, has been drowned in the river at Kansas City by the overturning of a skiff.

The news came as a rumor and she was unable to learn whether or not it was true. Mrs. Channels sent a telegram to Kansas City but as yet has received no answer.

The young man had but recently gone to Kansas City to visit the family of his uncle.

#### False Alarm.

The fire department was called out at 12:30 o'clock last night by a false alarm sent in from Collins & Farnham's livery stable.

#### Special Notice.

There will be published in the DEMOCRAT within a short time a classified index of the leading industries and business interests of the city showing who are taking the lead in these matters. The man who is up to the times employs printers' ink. Mr. H. J. Davies is now engaged in the preparation of this matter, which will be published in the daily and weekly DEMOCRAT, in conjunction with a preliminary general write up of the town and extensively used in furthering Sedalia's business interests.

#### Postoffice Moved To-Day.

A DEMOCRAT reporter watched the crowd in the new postoffice quarters this morning. Sedalia's postoffice now has a metropolitan air. Everything was polished to its utmost brightness and there is a great contrast between the present place and the dark, dingy quarters recently occupied.

The railway postal clerks running into Sedalia as the end of their division are handsomely accommodated by elegant apartments up stairs. The room is a very large one and will be fitted up in the best possible manner.

#### Marriage Licenses.

Marriage licenses were issued in the recorder's office to-day to the following parties: G. W. Pibman of Johnson county to Katie Brown of Saline county.

J. P. Anthony to Annie Yorker, Pettis county.

W. S. Reed to Carrie Jore, Allcorn Pettis county.

J. J. Embaugh, Sherman, Texas, to Sallie Kimbrough, Pettis county.

E. E. Dixon to Sarah Wareham, Pettis county.

The first and last couples were united by Col. Hoy.

#### Afraid to Touch It.

During the heavy winds of last month, one of the guy wires attached to the trolley wire, broke and fell to the ground at Fourth and Ohio streets. It was temporarily wrapped around a telegraph pole in front of Fleischmann's drug store.

Some electrical expert started the story that the wire was "alive" and the passers have been steering clear of it.

No one happened along was wise enough to disprove the statement and none had nerve enough to take the benefit of the doubt for fear that they would never live to tell the story.

The wire is harmless and not "alive."

#### That Vigorous Foreign Policy.

From the New York Herald.

So far, then, the result of "the vigorous foreign policy" in the Behring sea matter is an agreement to arbitrate, and the credit of this

is due to Mr. Blaine. The monopolistic claim set up by Mr. Harrison has no more support or recognition than it had when first sounded so bombastically. Moreover, there is hardly a shadow of a doubt that it will be demolished by the arbiters for the obvious reason that it has nothing to rest on. When the decision is announced it is not likely to afford material for glorifying Mr. Harrison.

But this fact will not deter the administration stump-speakers during the coming campaign from ringing the changes on Mr. Harrison's "vigorous foreign policy."

#### Deals in Dirt.

J. S. Davis and wife, to J. M. Davis, about 3 acres out of northwest corner, southeast quarter off the northwest quarter, section 35, township 48, range 20; \$75.

T. C. Berry and wife to Austin G. Sandridge; lots 1 and 2 in block 26 Newkirk and Jones addition to Houstonia; \$650.

Jas. E. Thompson and wife to J. H. Mertz; tract of land containing 24 50-100 acres in section 2, township 45, range 21; \$3,800.

Chas. L. Calvert et al., to Jas. R. Caldwell; tract of land containing 160 acres in section 34, township 45, range 23.

Annie J. Pitman and husband to F. M. Pitman, ninety acres of sections 30 and 31, township 45, range 22, \$2,250.

#### A Quiet Wedding.

Mrs. S. E. Kimbrough was quietly married at 5 o'clock this afternoon at her residence, No. 209 West Fifth street, to Mr. Eubanks, a wealthy property owner of Sherman, Texas. Rev. J. S. Meyers, of the Christian church, pronounced the ceremony in his usual happy style.

#### Wanted.

Three or four rooms suitable for light housekeeping, by man and wife, in good locality. Call on or address,

DR. M. L. SMITH,  
Cor. Fourth and Ohio.

#### No Change in His Habits.

From Harper's Bazar.

She—You men are so changeable! Before we were married you didn't go to the club every night.

He—I couldn't, my dear, when I had to call on you every night. I'm not away from home any more now than I was then.

#### Two of Them Rode the Goat.

The order of the Iron Hall initiated two members last night. The lodge is growing rapidly and its meetings are always interesting.

#### Might do So Now.

From the Boston Globe.

Hereafter, it seems, the immigrant who lands in New York and expects to stay there must have at least \$10 in his inside pocket. Had this rule prevailed in years past America would have lost not a few adopted citizens who have risen to eminence and honor.

#### He Was Out of His Element.

From the Atlanta Constitution.

"I'm afraid," said the editor, solemnly, "that you won't do. You'll find your salary waiting for you in the business office."

"Why," said the proof-reader, "what have I done now?"

"Done!" shrieked the editor. "In my editorial scoring a contemporary, I used these words: 'We will yet put the galled jade down,' and hanged if you haven't made me say: 'We will yet put the galled jade down!' You belong in some temperance office—you do!"

#### Vegetables as Medicines.

From Womankind.

Spinach has a direct effect upon the kidneys. The common dandelion, used as greens, is excellent for the same purpose. Asparagus purges the blood. Celery acts admirably upon the nervous system and is a cure for rheumatism and neuralgia. Tomatoes act upon the liver. Beets and turnips are excellent appetizers. Lettuce and cucumbers are cooling in their effect upon the system. Onions, garlic, leeks, olives, shallots possess medicinal virtues of a marked character, stimulating the circulatory system and increasing the saliva and the gastric juices.

#### Their Name is Legion.

Memphis Appeal-Avalanche.

Bob Ingersoll's statement that Walt Whitman was the most eminent American is resented by all the other most eminent Americans in the country.

#### Rather Personal.

From the Appeal-Avalanche.

Chicago has passed an ordinance forbidding jackasses upon the street. Ward McAlister and Colonel Shepard will have to visit the world's fair in a balloon.

## BENEFIT OF CITY HOSPITAL FUND!

James Whitcomb Riley,

THE GREAT POET-HUMORIST,

WILL BE HERE

Tuesday Evening, April 19.

ATTORNEY AT LAW.

With Hon. John H. Bothwell, Attorney and Counselor.

OFFICE:—Dempsey Building, Rooms 26 and 28. Practice where Business calls.

#### The Latest Sensation

Is a bursted bubble and a stale chestnut compared to the low prices and elegant work done at Ed. Quilty's, The Tailor, 107 East Second street. Ed. is still "on deck."

#### The New Firm.

Having bought Mr. Ramsey's stock of furniture and undertakers supplies, we will continue the business at the old stand, keeping a full assortment of first-class goods in the furniture line, also a first-class line of coffins, caskets and burial robes, which we will run in connection with the two finest hearses in Central Missouri, and a large line of carriages and hope by fair dealing and courteous treatment to hold and merit our share of the public patronage.

Very respectfully,  
COLLINS & FARNHAM.

#### To Investors.

We have on hand several farm loans bearing seven per cent. interest, secured on improved Pettis county farms worth twice to four times the amount loaned. Those wishing to lend money on absolutely safe security, and where interest payments will be punctual, can find no better investments. We can place any sum from \$300 up.

MOREY & CRAWFORD.

OFFICE OF COMPTROLLER OF CURRENCY. WASHINGTON, APRIL 5, 1892.

WHEREAS, By satisfactory evidence presented to the undersigned, it has been made to appear that The Citizens National Bank of Sedalia, in the city of Sedalia, in the County of Pettis and State of Missouri, has complied with all the provisions of the "Act of Congress to enable National Banking Associations to extend their corporate existence and for other purposes," approved July 12, 1882.

Now, therefore, I, Edward S. Lacey, comptroller of the currency, do hereby certify that The Citizens National Bank of Sedalia, in the City of Sedalia, in the County of Pettis and State of Missouri, is authorized to have succession for the period specified in its amended articles of association, namely, until close of business on April 9, 1912.

In testimony whereof witness my hand and seal of office this 5th day of April, 1892.

E. S. LACEY,  
Comptroller of the Currency.  
No. 1971.
